

ECHO LATTNER
Interior Designer
Design Atelier

WESTIN RESORT, COZUMEL

HILTON PHILADELPHIA CITY AVENUE

IF NOT A DESIGNER, SHE'D BE A: *Wrangler back at the dude ranch I worked at during college. There's something very freeing about sharing a lifelong passion with guests in the pure Montana wilderness.*

NOTABLE PAST PROJECTS: Mirage Resort, Villas 9 & 10, Las Vegas; Revel Resort, public spaces, Atlantic City, NJ.; Westin Resort, Cozumel, Mexico

CURRENTLY WORKING ON: Hilton Philadelphia City Avenue; Westin Resort & Spa, Los Cabos, Mexico

FAVORITE CAREER MOMENT: Stepping onto a site devastated by a natural disaster, taking in the level of destruction and realizing that I would be involved in bringing the property back to life.

GIVEN A SKY'S-THE-LIMIT BUDGET, SHE'D DESIGN: An animal sanctuary that provides a refuge for homeless pets. The accommodations would be complete with luxury amenities while they wait for their permanent families to find them. Imagine a plush room complete with belly scratchers, treats and cashmere blankets!
